

## ABOUT TECHZ

At Techz, we believe in the power of ideas and their potential to shape the future. As a technology-driven company, we specialize in transforming innovative concepts into real-world solutions. Our dedicated team of experts works tirelessly to deliver tailor-made software products, mobile applications, and IT consulting services that drive growth and create a positive impact.

IEWDUH Techz Private Limited has developed a school Product with Mobile Apps to manage the administrative tasks of the school in an effective manner and provide all the necessary report in the format needed by the government agencies such as for AISHE, UDISE, SSA etc.

The system is helping teachers to effectively communicate with the parents and provide Learning platform for the students using LMS, Online Fees, Online Admission, Student Attendance using the app, Automatic Attendance using RFID, Staff Attendance using RFID and Mobile based QR Scan etc. Majority of the content and services of the app will work without internet connectivity.

Transforming Ideas into Innovations

## WELCOME TO TECHZ!

We are a young and dynamic technology company based in PRIMEHUB Shillong. Our passion for innovation and commitment to excellence drive us to create cutting-edge solutions that make a difference. With our remarkable achievements in the start-up ecosystem, we are proud to have been selected in the prestigious Start-up India Meghalaya Yatra 2019 and recognized as one of the Top 25 awardees of the Chief Minister e-Championship Challenge 2020.

## OUR SERVICES

### Software Development

We offer comprehensive software development services that encompass every stage of the development lifecycle. From requirements gathering and design to coding, testing, and deployment, we ensure robust and scalable solutions customized to your unique needs.

### Mobile Application Development

In today's mobile-first world, we understand the importance of engaging mobile experiences. Our skilled developers create intuitive and feature-rich mobile applications for both Android and iOS platforms, helping you reach a wider audience and enhance customer engagement.

### IT Consulting

Our experienced consultants provide strategic IT guidance and support to help businesses leverage technology for maximum efficiency and growth. We analyze your existing infrastructure, identify areas for improvement, and recommend innovative solutions that align with your goals.

### Web Development

We design and develop responsive and user-friendly websites that reflect your brand identity and deliver an exceptional online experience. Our expertise in various web technologies ensures a seamless blend of aesthetics and functionality, driving user engagement and conversion.

## WHY CHOOSE US?

1

### Innovation at the Core

We thrive on innovation, constantly exploring emerging technologies to deliver solutions that surpass expectations. Our creative approach and passion for excellence set us apart.

2

### Customer-Centric Approach

Your success is our priority. We take the time to understand your unique requirements and collaborate closely with you throughout the development process, ensuring your satisfaction at every step.

3

### Expertise and Experience

With a team of skilled professionals who have expertise across diverse technologies and industries, we bring a wealth of knowledge and experience to every project we undertake.

4

### Quality Assurance

We are committed to delivering high-quality solutions that are robust, secure, and scalable. Rigorous testing and quality assurance processes are integral parts of our development cycle.
